Est ce un travail? C'est un don! Merci à toi Richard d'avoir
gravé dans ma mémoire un sentiment qui vient du fond des
âges et qui est l'horizon sur lequel nous jouons
ensemble une partition harmonieuse. C'est un rêve, et en plus
il existe! Merci du cœur

Certains liens, surtout l'émotion, etivent la conscience,
 donnent du sens aux actes et aux des de nous...
 Maheshwar reste un de ces lieux... une île au milieu
 de la Narmada devant soi un archipel du rivage, les
 îlots se doublent sur la surface des eaux pour faire
 régner l'harmonie... A très bientôt et de grands
 remerciements à Richard tout particulièrement... Amicalement

C'est en voyant Maheshwar que l'on devient convaincu
 que l'Inde demeure ne mourra jamais. Le pays ressuscité,
 la beauté, la pureté et l'harmonie regardent en ce lieu magique
 qu'il est si difficile de quitter. Merci infiniment à l'ensemble des
 personnes et à Richard tout particulièrement pour ces moments étonnants
 qui restent à l'épreuve du temps et de l'espace. Maheshwar et la
 pierre vivante que l'âme universelle de Brahman relie tous à l'autre
 des changements du monde.

This is truly a magical place. The serenity of the river Narmada coupled with the positive energy of the place resonates in all its entirety here. And the warm hospitality extended to us here has had made the experience even more memorable and special. It would indeed be my earnest ^{personal} endeavour to preserve the sanctity of this beautiful town. The Ahilya Fort staff is extremely warm and welcoming. Thankyou very much for everything.

È stata un'esperienza meravigliosa e indimenticabile
quanto inaspettata. Vale la pena di tornare in India
solo per rivivere la magia di questo incanto! Grazie
per l'accoglienza, per le cure dei particolari, per la serenità
che pervade ogni angolo di questo paradiso.
